

FREE ASSESSMENT

HubSpot Updates That Matter

1200+ updates in 12 months.
We'll show you the ones that matter to you.

HubSpot ships new features every single week. Hidden within is real value for your organisation. *But who has time to track every update?*

XEN does - and we're offering our valued customers a complimentary assessment to identify the ones that matter to you and your organisation.

This assessment helps you:

- ✓ Cut through 1200+ updates with a **Gap Analysis** of what matters to you.
- ✓ Identify value with a **Breeze AI Opportunity Review**.
- ✓ **Streamline how you work** in HubSpot.
- ✓ Prioritise updates with a **Quick-Wins Roadmap**.

Updates in June 2026

HubSpot released **143 updates** in June alone. Here are our top 4.

Mobile Meeting Prep

Instant briefing before every meeting

Custom Fonts in Emails

Emails that finally look on-brand

Archive Property Options

Retire old fields, keep your data clean

AutoCapture Website Events

Every click captured, zero code

That's just in June.

What value are you missing out on from the other 11 months?
